

Dr. W. Scott Wagner, DMD

• Jacksonville Exceptional Dentistry •

Dr. Scott Wagner, owner of **Jacksonville Exceptional Dentistry**, combines cutting-edge technology with advanced techniques in cosmetic and neuromuscular dentistry to create beautiful, healthy smiles. Dr. Wagner and his team's greatest priority is to create an exceptional experience and provide excellent service for their guests.

Services include adult comprehensive dentistry, all-porcelain smile makeovers, neuromuscular aesthetic dentistry, treatment for migraines and chronic TMJ, Invisalign, laser whitening, laser gum recontouring and periodontal therapy. Dr. Wagner is the only doctor in North Florida certified to provide a performance-enhancing mouth appliance called the Pure Power Edge. "Our involvement with the Pure Power Edge provides an additional exciting aspect to our practice as we work with many high-profile athletes," says Dr. Wagner.

Dr. Wagner chose dentistry as a profession because he values his relationships with people. "Attention to detail and being a good listener are critical. Health for each person is different," says Dr. Wagner. "Whether we correct an unattractive smile, get rid of old fillings, eliminate years of jaw pain or give them an 'Edge' in their sport, we enjoy seeing the happiness in our clients that

comes from achieving a healthy, beautiful smile."

A Fellow of the Las Vegas Institute for Advanced Dental Studies (LVI Fellow), Dr. Wagner boasts training that less than 0.01 percent of dentists have achieved. His commitment to the curriculum at LVI has enabled him and his team to help their clients in ways far beyond what is taught in dental school. He holds a BS in biology from Wake Forest and Florida State Universities, and graduated with honors from the University of Florida College of Dentistry, ranked No. 5 out of 80.

To keep pace with rapid advancements in his field, Dr. Wagner completes over 100 hours of continuing education each year. He is a founding member of the International Association of Comprehensive Aesthetics (IACA), the American and Florida Dental associations, Jacksonville Dental Society, and the Surfer's Medical Association.

Dr. Wagner takes pride in seeing so many of his guests leave with big smiles on their faces. However, his greatest satisfaction comes when they return months later for follow-up visits and they're still smiling from ear to ear.
